40/40/40

A new program from YHMKTG... **Just launching.**

The **40/40/40** is a program that just plain makes good sense. It is priced for most budgets. Sure, the "nickel and dime" programs are priced for most budgets too but you can't make any money with them. You need a program that puts you in profit with only 2 sign ups out of a 100 piece mailing, for example. A program with broad based appeal, and that is new and exciting. **A program that is moderately priced.**

There are a lot of programs out there priced \$249, \$349, \$589 and up. You can make really good commissions with them.. BUT, so few people can afford them, or just don't feel comfortable putting out that much money. (Plus the response rate is slower) **The 40/40/40 is moderately priced.**

It is comfortably affordable for most people, but with commissions high enough to make money quickly. The secret to keeping people in a program and recruiting is for them to make some profit; **QUICK.** No one up, two up or any of that. The **40/40/40** pays you for your first sign up, and everyone after that.

This is a 3 level program so it is set up for great residual income. From your first sign up onward, you have others mailing for you. That process repeats for every person you sign up, and every person they sign up. With in a couple of months you can have hundreds, even thousands of flyers out there with your name on.

Most marketers think that the best time to join a program is when it is brand new. This is **your** chance to get in at the beginning. **Join Today.** See the next page for all the exciting details.

40/40/40

New from YH MKTG.....Just Launching

The biggest reason most people lose money in mail order is because they are mailing \$5, \$10, and even \$20 programs. They just don't make money. The high dollar programs pay good returns but most people don't want to put out \$300 to \$600, or more to join a program. plus response rate is bad.

The above problems are eliminated with the **40/40/40**. It is moderately priced at \$120, plus a \$29 marketing fee, making a total sign up cost of \$149. It is a 3 level program with each position paying a \$40 commission.

You are paid on your very first sign up and on every one after that.

Remember, 40/40/40 is a 3 level program so it is set up for great residual income. You start in position 1 and are paid at every position. By the time you are in position 3, your name could be on hundreds, even thousands of flyers out there. **Join today and you could be making money very soon.**
